

## "FAVORITE SONS"

Whose Names Have Been Mentioned For the Second Place.

### ELKINS TOO CLOSE TO OHIO.

Secretary Long Seems to be in the Lead—Candidate Not Likely to be Determined Upon Until the Philadelphia Convention Meets.

WASHINGTON, D. C., April 17.—It is a little over two months before the meeting of the Republican national convention in Philadelphia, and up to the present time, while there is no question as to who the candidate for the presidency will be, there is no pronounced trend toward any one man in the vice presidency, though Governor Theodore Roosevelt is looked upon by most Republicans as the best candidate for that office. If Governor Roosevelt were to express a willingness to accept the nomination it would seem as if he might be nominated by acclamation, but the governor is averse, and yet he may finally be nominated anyhow.

The man who seems to stand next to Governor Roosevelt in vice presidential popularity is Jonathan P. Dolliver, representative in Congress from Iowa.

The probability is, from present indications, that quite a number of states will go to the convention with favorite sons. New York will have Lieutenant Governor Timothy L. Woodruff, while there are hints that ex-Governor Black, of the same state, may have some following.

### Massachusetts is For Long.

Massachusetts is expected to present John D. Long, the secretary of the navy. Long is a brilliant man and has done quite well as head of the navy department, but he is really too old, and there is no particular reason why a man from Massachusetts should be pushed for the vice presidency now, say as a matter of state pride. Certainly, Mr. Long's candidacy is not at all necessary to keep the Bay state in the Republican ranks. Secretary Long frankly admits that he is in a receptive mood as far as the vice presidency is concerned. He says he would regard it as a great compliment if Massachusetts should present him at Philadelphia, and a greater one if he were to be nominated. The secretary has been very careful to add to his admission that he is a candidate the statement that he has consulted no one in connection with it. This means, of course, that the President has not urged him to run. The fact is, however, that Republican leaders have studied Long as a vice presidential possibility.

Senator Fairbanks, of Indiana, a very close friend of the President, is just now enjoying a little boom. Doubtless he is complimented by the mention of his name, and possibly his state, will present him at Philadelphia, but Mr. Fairbanks likes the senate, and it would not be very good politics to take a vice presidential candidate from the state adjacent to Ohio.

### Senator Elkins Too Close to Ohio.

Senator Stephen B. Elkins, of West Virginia, was named frequently some time ago, but his boom is not regarded as important now. He, too, comes from a state too near Ohio.

Governor Merriam, of Minnesota, director of the census, is another favorite son who is enjoying the pleasure of being "mentioned." It seems probable that that is all the good it will do him, though he is a man of considerable ability and very popular in his own state.

Representative David Mearns, of Nebraska, is yet another favorite son whose name is put forward because of his popularity in Bryan's state, and the idea that his nomination would help Republican prospects in Nebraska. He may come to Philadelphia with his state behind him.

Senator Perkins, of California, is suggested on the theory that it is about time to put forward a Pacific state candidate.

Thus it goes; men of political prominence are mentioned from reasons of compliment and because they seem to be possibilities, but the vice presidential candidate has yet to be selected, and may not be until the Philadelphia convention meets.

### Will Adjourn the Middle of June.

It looks now as if Congress would probably adjourn about June 12. Appropriation bills are well along. The Porto Rican bill is passed and the Hawaiian bill is in conference. Little other general legislation is possible, though the ship subsidy bill may go through the senate. Everybody wants to finish up Congress' work and get away to attend to fences at home or attend the convention. June 12 will give plenty of time to get to Philadelphia or Kansas City in time for the conventions and will obviate the discomfort of being in session during the hot weather.

The Dewey boom and its possibilities continues to be the subject of much comment and speculation. The opinion

### THE FIRST BABY.

Its Coming is Looked Forward to With Both Joy and Fear and its Safe Arrival is Hailed With Pride and Delight by All.

The arrival of the first baby in the household is the happiest and most important event of married life. The young wife who is to become a mother delights to think of the happiness in store for her when the little one shall nestle upon her breast and latterly she shall hear it lisp the sweet and holy name, "mother." But her happy anticipation quickly vanishes when she realizes the terrible pain and suffering through which she must pass while bringing the little one into the world. An indescribable fear of the danger attendant upon the ordeal soon dissipates her joyfulness.

Thousands of women have learned by experience that there is absolutely no necessity for the sufferings which attend child-birth; they know that by the use of "Mother's Friend"—a scientific liniment—for a few weeks before the trying hour, expectant mothers can so prepare themselves for the final hour that the pain and suffering of the dreaded event are entirely obviated and it is safely passed through with comparatively little discomfort.

All women are interested, and especially expectant mothers who for the first time have to undergo this trial, in such a remedy; for they know the pain and suffering, to say nothing of the danger, which is in store for them. "Mother's Friend" is woman's greatest blessing, for it takes her safely through the severest ordeal of her life. Every woman should be glad to read the little book "Before Baby is Born," which contains information of great value to all. It will be sent free to any one who sends their address to The Bradfield Regulator Co., Atlanta, Ga.

## NO REMEDY EQUALS PERUNA, SO THE WOMEN ALL SAY

Miss Susan Wymar.

Miss Susan Wymar, teacher in the Richmond school, Chicago, Ill., writes the following letter to Dr. Hartman regarding Peruna. She says: "Only those who have suffered as I have, can know what a blessing it is to be able to find relief in Peruna. This has been my experience. A friend in need is a friend indeed, and every bottle of Peruna I ever bought proved a good friend to me."—Susan Wymar.

Mrs. Margaretha Dauben, 1214 North Superior St., Racine City, Wis., writes: "I feel so well and good and happy now that pen cannot describe it. Peruna is everything to me. I have taken several bottles of Peruna for female complaint. I am in the change of life and it does me good." Peruna has no equal in all of the irregularities and emergencies peculiar to women caused by pelvic catarrh.

Address Dr. Hartman, Columbus, O., for a free book for women only.

now seems to be quite general that the boom was launched prematurely through the admiral's anger at having his qualifications for the presidency seriously questioned in quarters where he had an idea he would receive friendly treatment. It is quite generally believed that preparations were being made to spring the admiral in more formal and more popular fashion, when the admiral sprung himself. There seems to be no question whatsoever but that back of Admiral Dewey are influences of great weight in Democratic councils. There are influential gold Democrats behind him, men who want to down Mr. Bryan and subordinate the silver issue. Their idea seems to have been that Dewey's candidacy would, perhaps, make it possible to prevent Mr. Bryan's nomination on the first ballot under the rule requiring two-thirds of the convention to make a nomination, and that upon later ballots the convention might turn enthusiastically for Dewey.

### Bryan Clearly in the Lead.

There does not now appear to be any possibility of any such maneuver succeeding. Mr. Bryan has already pledged to him the delegates from Pennsylvania, Rhode Island, Nebraska, North Carolina, Oregon, Massachusetts, Vermont, New Mexico and the District of Columbia, a total of 188 out of the 930 delegates that will comprise the convention, provided Alaska and Hawaii are not given representation. From other states come, with practical unanimity the information that their delegates will be instructed for Bryan. It is positively inconceivable that anything can happen that prevent the Nebraska leader from being nominated on the first ballot, if not by acclamation, certainly by more than a two-third vote.

In view of this the question is frequently asked whether Admiral Dewey would be content to run for second place. If he would agree to do so there is much reason to believe that he could secure the nomination. Democrats generally believe that while he can accomplish nothing as a presidential candidate, a seeker for the nomination, he would add strength to the Bryan ticket.

### MINE INSPECTOR'S REPORT.

Arrives at the Same Conclusion as the Jury—Due to an Accumulation of Gas.

SPECIAL DISPATCH TO THE INTELLIGENCER. CHARLESTON, W. Va., April 17.—Mine Inspector Edward Pinkney, of Montgomery, who has been making a thorough investigation into the causes of the Red Ash mine explosion, has completed an elaborate report and submitted it to the governor. He reaches a conclusion essentially the same as that arrived at by the coroner's jury, but goes fuller into the circumstances. He holds, in substance, that the explosion was due to an accumulation of gas caused by the opening of an air door, which thus caused the fresh air current to make a short instead of a long circuit, leaving the far interior of the mine without proper ventilation. He agrees with the coroner's jury that there might have been dust particles in the mine, but does not think that this alone could have caused the explosion.

### New Charters Issued.

SPECIAL DISPATCH TO THE INTELLIGENCER. CHARLESTON, W. Va., April 17.—A charter was issued to the Muth Chemical Company, of Wheeling, composed of W. P. Hubbard, Lawrence E. Sands, and J. C. Brady, of Wheeling; J. B. Graham, of Pittsburgh, Pa., and W. S. Brady, of Glendale, Pa. The subscribed capital is \$500, 10 per cent paid up, and authorized capital is \$1,000,000.

### KEEPING PROMISES.

Wheeling Appreciates Always When Promises Are Kept.

Every time you read about Doan's Kidney Pills, you are told they cure every form of kidney ill, from backache to urinary disorders. How are our promises kept? Ask any citizen who has tried the treatment. Ask the man who makes the following statement.

Mrs. Scott Liston, residing at No. 22 South Huron street, says: "My daughter Bertie caught a heavy cold, which settled in her kidneys and in spite of everything we could do she got steadily worse. She had such steady bearing down pains across the kidneys, dreadful headaches, spells of dizziness that at times she could scarcely get around, was always tired and distressed; restless and irritable and arose in the morning unrefreshed and weak; in fact her whole system seemed to be affected and nothing seemed to do the least bit of good. I was induced to try Doan's Kidney Pills and got a box at the Logan Drug Company for her. She felt relief after a few doses and continued taking them until she finished two boxes. They cured her." For sale by all druggists. Price 50 cents per box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute.

### BENWOOD.

News Notes From the Busy Marshall County Town.

The house occupied by Joseph Leach and family, near the Boggs' run crossing, was burned to the ground yesterday morning about 11 o'clock. None of the family was at home at the time and the origin is a matter of conjecture. The house was a small, frame structure, old and dry as tinder, and the flames soon reduced it to ashes. The loss was about \$350. Mrs. Leach was the first of the family to arrive on the scene, and naturally was saddened at the sight that met her eyes. A trunk was all that was saved. The origin was of an accidental character. There are different theories, one that sparks from a passing Baltimore & Ohio engine, and another, that children and matches caused the fire.

R. C. Dakan, of Soreby's Rock, was in Benwood yesterday "feeling out" the local Democracy as to his standing for nomination for sheriff. It looks as though Mr. Dakan will get the nomination, as the decision affirming J. W. Dunlevy's election as county commissioner will have the effect of keeping Mr. Dunlevy out of the field. Had the decision been an adverse one, the Democrats would have put up Dunlevy for sheriff, but Dakan now has the call. He is a young and energetic man, and it will be well to see his ambition buried overwhelmingly in November.

The National Tube Company this week has closed deals for some of the property under option on Jacob street, on the east side, south of the car barns. Valentine Miller's and Louis Seris's places were purchased, and the Ernest, Smith and Kester properties will shortly fall into the band wagon.

"The Rough Riders" is the title of a war play to be given by local talent at the Blue Ribbon hall, May 8, for the benefit of the M. E. church. The performers will be: C. E. Carrigan, M. E. Gorman, Albert Seris, Lyle Linsley, James Edwards, William Leach, Miss Cora Bell and Miss Cora Edwards.

R. K. Satterfield, of Main street, the principal victim of the Riverside boiler explosion, is gradually recovering. His father, who was visiting him, returned to his home in Garrett, Ind., yesterday.

R. S. Hughes, Mrs. Maggie Ebeling, L. A. Serig, Frank Ebeling and Fred Ebeling.

The Democrats of Union district will hold a mass meeting at the city hall, April 25, to select candidates for the several conventions.

Misses Lily Geraghty and Gertrude Mahood will return to-morrow from a visit to relatives of the former at Mingo Junction.

The sacred cantata, "The Messiah," will be repeated at St. John's church, Sunday evening, April 29.

Weddings are coming to the front since Lent closed.

### Repairing the Alleys.

The contract for the work on the Mozart park alleys has been awarded to Fahey Bros., and this morning a force of men will commence work planning and leveling the alleys. Neat and commodious lockers are being constructed. Ball runways are being changed and new balls and pins have been purchased. All teams desiring to enter the league must send in their lists not later than Saturday, as it is the intention of the management to organize about the 24th or 25th. All the teams will be entered in the American Bowling Congress and scores published weekly in the Bowlers' Journal, of New York. Judging from the amount of money to be spent on the Mozart alleys, it is the intention of Secretary Handlan to have the best in the state, and bowlers are showing their appreciation by forming clubs for the tournament.

### Pittsburgh River News.

PITTSBURGH, April 16.—Capt. Harry Swaney, who appealed from the decision of Major J. S. Crumbaugh to General James A. Dumont, has heard from the latter. Captain Swaney was not given much satisfaction. Major Crumbaugh suspended Swaney for sixty days, charging that he was responsible for the collision between the Charley Clark and the Pacific, resulting in the sinking of the latter. General Dumont, however, pointed out several instances in which Major Crumbaugh had erred. It is thought that nothing more will come out of the matter, although there is no disguising the fact that the river-men are not pleased with the decision of Major Crumbaugh, who reinstated Captain D. A. Woodward, of the Charley Clark, after he had been suspended by the local steamboat inspectors.

Major Charles F. Powell is advertising for bids for the masonry of two foundation piers and abutments for the new bridge at the Herrs Island dam. He is also asking for bids for the building of 350 feet of guide wall cribbing. The contracts may amount to \$250,000. When this work is finished the dam will be complete.

The masters of the various Ohio river packets had a conference at 11 a. m. with Captain James A. Henderson in reference to taking action to have modified the ordinance taxing steamboats for wharfage at Clarksburg, Ohio. Captain Henderson said that the steamboatmen would not object to paying a reasonable amount, but that the amount now asked would not be paid.
